

When you can't find a rider in the list to add them to the report.

This is what you do.

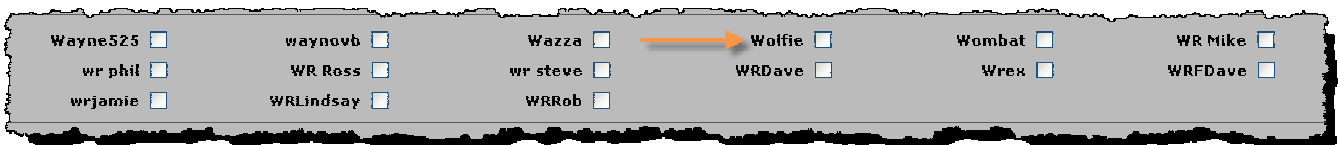

1. Find the profile of said rider. I'm using Wolfie as an example here.
2. If you notice, he's not on the Ride Report Tick list.

3. Click on the "Make eligible for ride reports" on his profile.

4. Now, when you go back to the Ride Report Tick list, you should see he's been added to the list.

5. That's all there is to it folks.
